

# ITCH GAME PAGE IMAGE GUIDE & TEMPLATES

## README AND COPYRIGHT INFORMATION

Hi there! Thanks for checking out the Itch Page Game Page Image Guide & Templates, a free tool to help you create great pages to promote your projects on itch.io.

### Change Log:

- 26 Nov 2020: Thanks to Kona the guide is now available as a .pdf and the templates are compatible with Serif's Affinity line of software! Check out more of Kona's work at [Darling Bat Games!](#)
- 13 Mar 2020: The Image Guide and Templates released.

### Use and Copyright

While the template files themselves are free and not covered by copyright (templates are not covered by copyright under US copyright law) the Itch Game Page Image Guide itself (i.e. text and included images) are (C) Kevin C. Krupp, 2020, and is licensed under a Creative Commons Attribution-NonCommercial-ShareAlike (CC BY-NC-SA 4.0) license.

Here's the short-hand of what this means for you:

- You may create your own graphics using the guide's templates for your commercial and non-commercial projects. You do NOT need to credit me or Kona when doing so; the templates are NOT protected under US copyright law.
- You may freely share or re-post the Image Guide itself in-part or in its entirety. If you do, it must be made freely available. While technically including a credit to me is also required as part of the license, personally I care more about the knowledge remaining free for everyone.
- Selling copies (even modified copies) of the Image Guide is NOT allowed.
- If you modify the image guide and create any works using it (its text or included images) you must make it freely available, also releasing it under a Creative Commons Attribution-NonCommercial-ShareAlike license.

If you have any questions or feedback, feel free to send it my way via [thecaffeinatedhedgehog@gmail.com](mailto:thecaffeinatedhedgehog@gmail.com)

## List of Files Included in this Template

- **Itch Game Page Image Guide.pdf**

A .pdf version of the Itch Game Page Image Guide available at <https://starwest.itch.io/itch-page-image-templates>. It is intended to provide the content from the Image Guide in a downloadable and printable format. Layout for this version of the Image Guide was done by Kona.

- **Readme and Copyright Information.pdf**

Your reading this right now! ^.^

There are 3 different sets of downloadable image formats. Each set of images are packaged in a .zip file to make it easy for folks to download the format most appropriate for them:

- **Affinity Itch Image Templates.zip**

A set of templates designed to work with Serif's Affinity line of products, as well as instructions on how to convert the files into something workable on Itch.

- **PNG Itch Image Templates (PSD).zip**

For folks using software that doesn't support the reading of PSDs or Affinity a set of the templates as PNGs is also available. Designers will have to replace the text with their own content.

- **Photoshop Itch Image Templates (PSD).zip**

A set of templates designed to work with Adobe Photoshop. You will need to remove or hide the Details layer to get rid of the template specs.
